

Kokoro Ryu Reiki

Level 1-2 Intensive Training and Certification

Reiki is a form of bodywork and energy medicine that uses energy channeled through a trained practitioner's hands to restore health and a sense of well-being. A formal Reiki treatment looks to an observer much like other forms of bodywork, with two important differences: the client lies on the treatment table fully, comfortably clothed; and the practitioner's hands on the client are usually still, and move only when the practitioner notices shifts in the flow of channeled healing energy....

The name **Reiki**, from Japanese, is usually translated into English as "universal life-force energy." Reiki uses this universal life-force energy, rather than an individual's personal energy, to bring healing to the whole person. It does this in harmony with the natural intelligence of the mind and body, which work together to preserve and protect health and increase well-being.
